Why These Prices?

You're not just paying for hosting — hosting itself costs near zero on our stack. You're paying for:

1	Expertise AWS Solutions Architect-level infrastructure knowledge applied to your site.
2	Security Multi-layer protection most agencies don't offer at this price point.
3	Reliability Your site runs on enterprise-grade global infrastructure.
4	Support A real person who knows your site, available when things go wrong.
5	Management DNS, SSL, CMS users, and deployments handled so you don't have to.
